STATEMENT OF THE SUBSTANCE OF THE INTERVIEW
IN ACCORDANCE WITH MPEP 713.04 AND 37 C.F.R. 1.133

Sir:

Further to the Examiner Interview conducted on June 9, 2011, Applicants respectfully submit herewith a Statement of the Substance of the Interview.

REMARKS

Applicant's below signed Attorneys wish to thank Examiner Le for the courtesies extended during the interview of June 9, 2011. During the interview, the requirement made by Examiner Le, in an Office communication mailed May 19, 2011, for a supplemental declaration including a corrected priority date, was discussed. More specifically, it was discussed whether a newly executed supplemental declaration was required to fix the priority date typographical error in the originally filed declaration, even though the published application included the correct priority date and Applicant had already filed a hand-edited and attorney-signed supplemental declaration correcting the typographical error.

Examiner Le indicated that he thought the hand-edited supplemental declaration would be sufficient; however, he could not be entirely sure until the issue fee was paid. Examiner Le also recommended filing a statement with the issue fee indicating that Applicants were willing to file a Certificate of Correction if any errors appeared in the published patent.

Thus, Applicants thank Examiner Le for pointing out the typographical error in the originally filed declaration and will submit a Certificate of Correction to remedy any error that appears in the issued patent.

Accordingly, Applications request that the current application proceed to issuance.

Respectfully submitted,

Enrique Garrido-Gadea et al., Applicants
